

HALO, Neighbors!

The Newsletter of the Home And Landowners Organization, Inc.

May 2016

HALO's mission is advocacy and education related to living on the Hillside.

It's election season! No, not that presidential election, this one is much closer to home. It is HALO's Annual Meeting so you can vote for members of the board!

But that's not all, you can toss your hat in the ring and run for a coveted seat on the board! Yes, *you*. Just think, all the prestige of an elected position but no sign waving, no APOC reports, no endless fundraisers. This is what you, an educated citizen of the Hillside, are waiting for.

This being an even year, the A seats are open. We also have an opening for G-1 Seat B. A map showing where the areas area is attached. A nominating committee will be formed at this month's meeting. Let us know of your interest.

AREA	Incumbents
G-1 Seat A	Kurt Rein
G-1 Seat B	Open Seat
G-2 Seat A	Susan Olsen
G-3 Seat A	Matt Burkholder
G-4 Seat A	
G-5 Seat A	Peter Johnson

The Hillside Road and Drainage Steering Committee has been quiet for a while. The committee is reviewing a draft of a report presenting and recommending some kind of new entity to help manage the Hillside's road, drainage and trail infrastructure. The meetings are open to the public. No meeting is currently scheduled. We are sad to report that committee member Ernie Daniels passed early in January. Ernie was an important part of the committee, he had great insights, debated with an open mind and very respectfully. We will miss him.

ARE YOU IN AN INDEPENDENT ROAD SERVICE AREA? We need contact info for people running Independent Road Service Areas ('Pass the hat' funded areas.) The opportunity to have substantial input on the proposed Hillside Road, Drainage and Trails entity is now. Contact Ryan Stencil. AKStenc@aol.com or call 830-3578.
